

# RUGER AMERICAN RIMFIRE®

## PARTS LIST

Design, prices and specifications subject to change without notice.

**SPECIFY MODEL, CALIBER AND SERIAL NO. WHEN ORDERING**

(See Exploded Views Pages 34 - 37)

| Key  | Part Name                                                                                                       |
|------|-----------------------------------------------------------------------------------------------------------------|
| * 1  | <b>Bolt / Firing Pin Assembly – Complete</b><br><b>Includes Key Nos. 2 - 9 (See Exploded View p. 35)</b>        |
| 2    | Rear Bolt                                                                                                       |
| 3    | Firing Pin Spring                                                                                               |
| 4    | Firing Pin                                                                                                      |
| 5    | Rear Bolt Retaining Pin                                                                                         |
| * 6  | Bolt Handle                                                                                                     |
| * 7  | Front Bolt                                                                                                      |
| 8    | Positioner Spring                                                                                               |
| 9    | Extractor                                                                                                       |
| 10   | <b>Magazine Latch Housing Assembly – Complete</b><br><b>Includes Key Nos. 11 - 17 (See Exploded View p. 36)</b> |
| 11   | Magazine Latch Housing                                                                                          |
| 12   | Magazine Latch                                                                                                  |
| 13   | Magazine Latch Plunger                                                                                          |
| 14   | Ejector                                                                                                         |
| 15   | Pivot Pin                                                                                                       |
| 16   | Magazine Latch Plunger Spring                                                                                   |
| 17   | Trigger Housing Pin, 2 Req'd                                                                                    |
| 18   | <b>Trigger Assembly – Complete</b><br><b>Includes Key Nos. 19 - 37 (See Exploded View p. 37)</b>                |
| 19   | Safety Button                                                                                                   |
| 20   | Sear Spring                                                                                                     |
| * 21 | Sear                                                                                                            |
| * 22 | Safety Link                                                                                                     |
| 23   | Sear Stop Pin                                                                                                   |
| * 24 | Trigger Block Pin                                                                                               |
| 25   | Trigger Sear Pin, 2 Req'd                                                                                       |
| * 26 | Safety Shaft                                                                                                    |
| * 27 | Safety Spring                                                                                                   |
| * 28 | Trigger Housing                                                                                                 |
| 29   | Trigger Sear Pin E-Clip, 2 Req'd                                                                                |
| 30   | Trigger Block Pin E-Clip                                                                                        |
| 31   | Safety Shaft E-Clip                                                                                             |
| * 32 | Trigger Release                                                                                                 |
| 33   | Trigger Release Spring                                                                                          |
| * 34 | Trigger                                                                                                         |
| 35   | Trigger Release Pin                                                                                             |
| 36   | Trigger Spring                                                                                                  |

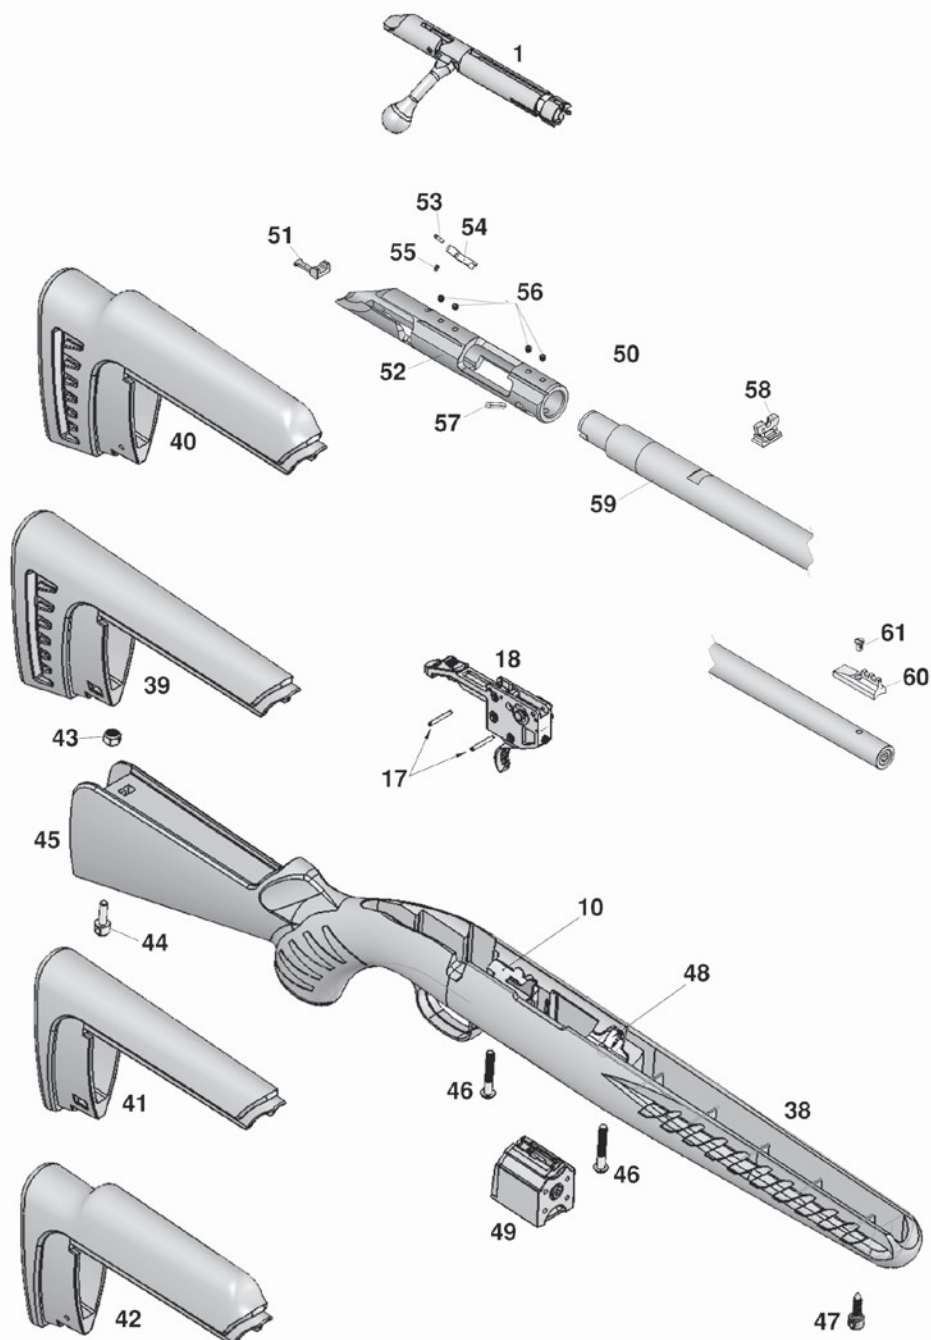

\* Parts so marked must be factory fitted.

| <b>Key</b> | <b>Part Name</b>                                                                                         |
|------------|----------------------------------------------------------------------------------------------------------|
| 37         | Trigger Adjustment Screw                                                                                 |
| <b>38</b>  | <b>Stock Assembly – Complete</b><br><b>Includes Key Nos. 39 - 48 (See Exploded View p. 34)</b>           |
| 39         | Recoil Pad, Standard                                                                                     |
| 40         | Recoil Pad, Standard, High Comb                                                                          |
| 41         | Recoil Pad, Compact                                                                                      |
| 42         | Recoil Pad, Compact, High Comb                                                                           |
